

Job Description Internship Lower teenage pregnancies in Antique

Education: Psychology, social work or other relevant background

Location: San Jose de Buenavista, Antique, Philippines

Time frame: 2 - 5 months

The Philippines is number 1 in Asia when it comes to teenage pregnancies. The head of the Commission on Population and Development (PopCom) clarified that about 40 to 50 Filipino children aged 10 to 14 years old give birth every week. Let's Care offers a rehabilitation program for abused girls and together with our local partners and stakeholders we want to contribute to lower this number in the province of Antique.

ACTIVITIES

You conduct research on the guidance protocols of the high school or university here in San Jose de Buenavista. You will look for ways to improve and implement new strategies for the guidance protocols and you will report this.

REQUIREMENTS

- You have a relevant educational background
- You are willing to learn the basics of the local language
- You are flexible, patient and proactive

Job Description Internship

Lower teenage pregnancies in Antique, Philippines

Background Let's Care Foundation

Let's Care Foundation is committed to creating a more beautiful world by carrying out social projects in the Philippines. We run a rehabilitation program for abused girls, an educational project for street boys, and an Eco farm. To make this happen, we work closely with various local authorities and organizations. We are working towards financial independence in order to secure the sustainability and future for our various projects.

Internship in San Jose de Buenavista

Teenage pregnancy is considered to be the most important problem of women today in the Philippines. At the end of 2020, PopCom has noted an alarming rise in teen pregnancies reporting that 70.755 families were led by minors. They project that this number will increase to 133.265 by the end of 2021. Let's Care wants to research how we can contribute to lowering this alarming number.

Activities and research

You will conduct research on how Let's Care can help to lower teenage pregnancies in Antique. You can address the following questions during your internship:

- Why is teenage pregnancy a problem and how big is the problem in Antique?
- What are the factors contributing to teenage pregnancy?
- Which stakeholders and counterparts are involved in this issue?
- What are the current measurements taken to lower teenage pregnancy?
- What are the actions Let's Care can take to lower the number of teenage pregnancies?
- How much does it cost and how can this be implemented?

Supervision

You will report to the Project Coordinator of Let's Care in San Jose who will supervise you during your internship.

Who are we looking for?

We are looking for students with a relevant background who can work independently and will come up with an assessment report including recommendations that could be implemented.
